PEACE NEGOTIATIONS.

Only Rumors That Another Effort
Will Be Made.

MORE MILLS STARTED

Six of the Painter Mill New in Oper-
ation and Others Say Soon
Night Crews Will Be Put
on in the Mills.

Pittsburg, Aug. 25.—Developments in
the strike were meagre this morn-
ing. The probability of the renewal
of peace negotiations by disinterested
parties is again being discussed, but
nothing definite can be learned. Hen-
ry M. White, of Garment Markers of
America, and Ralph M. Easley, of Na-
tional Civic Federation, who took
part in conference in this city last
week left for the east Sunday night and
it is reported they went to New York
to make another attempt to have ne-
gotiations between the contending par-
ties reopened. President Shaffer, how-
ever, said he knew nothing of the pro-
posed venture, and that his associates
had authorized no new steps for
peace.

Steel officials, it is said, intend to
make aggressive attempts to start more
plants this week. They were success-
ful in putting four more mills in opera-
tion at Painters Mill, and now have
six mills, with a force of 400 men at
work. The mills last started were
number one bar mill and number seven
cotton tie mill. The management
say the work being turned out is up to
the standard and is being placed on
market. One of officials announced he
had three more crews engaged, but
they would not go to work until all
men necessary to operate six mills have
been secured, and then the plant would
run at night. He said he was almost
certain the entire works would be
running at night before the end of the
week. More men have been taken into
the Star Plant of the American Tin
Plate Company, and at the Lindsay
and McCutcheon works of the Steel
Hoop Company. These mills combine
officials say, they expect to have in
ful operation before Saturday.

Strike managers assert the resump-
tion of these plants is not full and
that the claims of the steel people are
not borne out by facts. They say that
they scored a victory over manage-
ment of Star Mills by preventing seven
men from entering the plant, and
that plant is not running at all.

Vice President Pierce, of Amalga-
mated Association says there are
less men working in local mills than
for over a week. President Shaffer
had heard nothing from Chicago up
to noon. Mr. Tighe, he said, did not
go there get the men to strike, but
just attend meeting.

Advices from McKeesport are to the
effect that no attempt was made to
start the Demmler works. Furnaces
were fired and the plant lighted, but
no men appeared. Ten regular po-
licemen and a large force of pickets
guarded the mill at night, but there
was no disorder. Situation at all
points is reported quiet and no dis-
turbance is expected.

BIG PLANS AHEAD.

Steel Officials Say They Will Start Other
Mills This Week.

Pittsburg, Aug. 25.—Some remark-
able changes in the condition of the
strike ridden mills of the United States
Steel Corporation are promised for the
present week that will put a different
aspect on affairs if carried out. It is
stated on good authority that before
the end of the week those of the plants
that have been operating on single
turn would run with full force and for
the usual three full turns each day.
Men enough have been secured for this
purpose, the officials say, in spite of
the claims of the strikers that the
companies could not get enough men
to operate their plants, and the man-
agers of the various mills say they will
be ready with all the skilled men re-
quired to start up the machinery and
turn out a heavy tonnage.

The most interesting situation is the
Star mill of the American Tin Plate
company here. This plant was until
this summer considered as doomed.
The company had, it is said, decided
to abandon the mill and move the ma-
chinery elsewhere. Since the strike
has come on them and it was demon-
strated that the operation of the mill
with non-union men was possible un-
der the protection of a well equipped
police force, the officials decided to
keep this mill, make extensive im-
provements in its equipment, and make
it a permanent fixture of the company.

The most significant feature of this
plan has been carried out during the
past week. This consists of fitting
the mill in the same manner as that
of the Monessen, Pa., plant. The for-
mer eight mills have been changed to
four double mills. Other improve-
ments have been added that will give
the plant a larger capacity, increase
its force and make it one of the most
modern of all the tin plants of the
country.

With the completion of these im-
provements the company will be pre-
pared to place a sufficient number of
men in the plant to work the four
double mills three full turns. This
is expected to take place during the
present week.

The strikers claim that the skilled
men at the Star plant were sent there
from Monessen, which was being
crippled in order to accomplish this
work.

KNIGHTS TEMPLARS.

Thousands Are at Louisville to Attend
the Convention.

Louisville, Aug. 25.—The rush of
visitors to the triennial conclave
Knights Templars in this city is on in
earnest and the Kentucky metropolis
is completely in the hands of the in-
vaders. Trains poured into the city
all day, having on board Sir Knights
and ladies. The streets were filled with
marching detachments and the air
fairly trembled with the music of
numberless bands which escorted var-
ious commanderies to their headquar-
ters.

Scarcely a building was without
streamers, or gorgeous dress bunting.
Even shop windows trimmed in Ma-
sonic emblems and street fakirs, not
to be outdone, painted Maltese crosses
on toy balloons they hawked about.

At local headquarters the opinion
was expressed that the conclave will
prove the most notable ever held. It
is claimed fully 50,000 visitors are in
the city.

The festivities of the conclave began
at 8 o'clock tonight, when the Grand
Commandery of Kentucky and subor-
dinate commanderies of the state gave
a reception to officers and members of
the Grand Encampment at the custom
house.

Pouring Into Louisville.

Louisville, Aug. 26.—Commanderies
of Knights Templars are pouring into
Louisville from the four corners of the
country. The city is rapidly filling
with plumed guests. Imposing religious
exercises were held Sunday at the
Broadway Methodist church.

BRITISH CAPTURED.

Taken by Boers Near Ladybrand and
Afterwards Released.

London, Aug. 26.—Dispatches from
Kitchener says:

"Three officers and 65 men sent north
of Ladybrand, on the right of Elliott's
column, were surrounded on unfavor-
able ground and captured by a superior
force on Aug. 22. One man was killed
and four wounded. The prisoners were
released. Am holding an inquiry.

"Have received a long letter from
Steyn containing an argumentative state-
ment of the Boer case and saying he
will continue to fight; also a short let-
ter from DeWet to the same effect.
Both writers acknowledge the receipt
of my proclamation and protesting
against it, and both stating the Boers
intend to go on fighting. On the other
hand, surrenders lately have increased
considerably."

BRAVE, BOLD CAPTURE.

American Deserter Howard Taken from
His Own Camp.

Manila, Aug. 26.—A dispatch from
Mindora tells how Lieutenant Hazzard
of the Third cavalry, commanding the
troop of Maccabee scouts, captured the
American deserter Howard, who, as
leader of the Filipinos, has been annoy-
ing the Americans for many months.
Ferguson, one of Lieutenant Hazzard's
civilian scouts, disguised as an insur-
gent, with eight Maccabees, penetrated
into the camp of Colonel Atienza, com-
manding 250 riflemen and 200 bolomen,
at night, located Howard, bound and
gagged him and led him away without
disturbing the camp.

NEW JERSEY RACE RIOT.

Whites Threaten to Lynch Blacks and
Drive Them from Camden.

New York, Aug. 26.—South Camden,
N. J., was the scene of trouble between
negroes and whites Sunday night. The
affair might almost be termed a riot. A
negro was arrested by the police, and
reports exaggerating the offense being
spread, the white people became excit-
ed. A mob formed and the houses of a
number of negroes were entered, doors
being broken in amid great confusion
and much noise. Threats were made
that all negroes should be driven from
the place. The police were called out
and the rioting dispersed. A number of
people on both sides were injured but
no fatalities are reported.

Cotton is extremely near the 9 cent mark. Go on with diversification. That is what is helping to do the business.

Whitewright Sun: The Tyler Courier, the Waco Times-Herald et al are of the opinion that the Democracy of Texas needs purging. We heartily agree with them in that opinion if these papers claim to belong to the Democratic party.

38,183 pensioners died last year, and 5403 were suspended, but a new army of 47,792 pensioners managed to catch on and more than made up the loss. The pension list goes on increasing year by year.

Galveston Tribune: The gubernatorial campaign is shaping up like a wobbly quadrangle—Lanham in the northwest, Wells in the southwest, Crane in the north and Campbell in the east, with the southeast holding the balance of power, a good thing for the southeast to hold.

The question box editor of the Houston Post says weevils can be prevented from doing injury to beans (or peas, of course,) if they are treated with "high life," or carbon bi-sulphide, about an ounce for every bushel. Sack the beans or peas or keep them in a tight place. Repeat the application after a month or so. It will not affect them for food or planting.

BURGLARIES AT CALVERT.

Believed the Burglars are Transients Who Traveled Along the Central.

Calvert, Texas, August 25.—Judge A. McCall of Hammond was a recent visitor to Calvert. In commenting on the burglaries which occurred in Calvert Thursday night Judge McCall stated that he believed burglars to be traveling down the Houston & Texas Central railroad. He stated in substantiation of this belief that on the night previous to their depredations in Calvert burglars had visited Brenond and that, attempting to break into a house in that town, they were seen and shot at by a lady, who described them as two white men—one a tall man dressed in black, whose track indicated that the man wore a No. 8 shoe. The other was a much smaller man, wearing a No. 5 shoe. Two suspicious looking strangers of these descriptions were seen lying around the depot at Calvert on the day of the burglary. The fact that a safe was blown open at Bryan on the next night after the burglary here is a strong circumstance in support of Judge McCall's theory.—Houston Post.

Negro Burned at the Stake by a
Tennessee Mob.

TAKEN FROM JAIL.

He Brutally Murdered a Farmer's Wife
and Attempted a Boy's Life.
He Confessed His Crime Before
Being Burned.

Chattanooga, Aug. 26.—A special to The Times from Winchester says Henry Nole, the negro who criminally assaulted and shot to death Mrs. Charles Williams, wife of a prominent farmer near Winchester, Tenn., last Friday, was captured early Sunday morning at a water tank near Cowan, Tenn. He was carried to Winchester by his captors and placed in the county jail. Sheriff Stewart made haste to try to barricade the jail and protect the prisoner. Soon an angry mob of several hundred citizens gathered about the jail. Assistant Attorney General Matt N. Whittaker and several other officials appealed to the crowd, but in vain.

No sooner had their appeals been made than several hundred citizens from the neighborhood where the crime was committed came up and augmented the crowd to thousands. They swept forward upon the jail, overpowered the sheriff and his deputies, secured the negro and started for the scene of the crime, 12 miles distant and there he was burned at the stake.

The negro made no outcry at any time and died as stolidly as a stoic. He admitted the killing of Mrs. Williams. There were no disorderly scenes about the burning body. At least 6000 people witnessed the horrible fate of the negro.

Lying on the floor of the family room with her face splashed with clotted life blood and the oaken planks stained with the same drops, Charles Williams found his devoted young wife Friday afternoon when he returned from marketing his wheat in the little town of Maxwell. A heavy bullet had crashed through her head, life was completely extinct, and her two baby children were crying about the dead body. The oldest boy, aged 5, told that the mother had been shot and killed by Henry Nole, a negro hand upon Williams' place.

AFTER THE NEGROES.

Another Race Riot at Indianapolis Terminates Seriously.

Indianapolis, Aug. 26.—Another riot broke out Sunday evening in a crowd of 5000 people at Fairview Park. Four negroes were badly injured and one named Harris had his right arm broken. The trouble was caused by a gang of toughs from the West Side, known as the Bungaloes. Members of this gang to the number of 150 congregated at the park and made a determined effort to drive all the negroes out.

Near the boathouse a dozen of them attacked a negro with his wife. He was knocked down several times. With a club he fought back, injuring two of the gang, but he was compelled to run toward the pavilion where the Park police came to his rescue. The fight was continued to the car and after the negro and his wife were on the car stones were thrown, injuring his wife.

Harris was attacked in another part of the park about the same time and his right arm was broken before he was rescued. Two other negroes, one with his wife, were badly beaten. Four members of the gang were arrested, the others scattering in the woods.

In a similar riot several weeks ago six shots were fired and one white man was badly injured by a bullet.

General Williams Dead.

New York, Aug. 26.—General Robert Williams died Saturday night near Plainfield, N. J., from apoplexy. He was 79 years of age. General Williams was born in Virginia, and was a graduate of West Point. In 1892 he was appointed to the position of adjutant general of the army and retired a year later. He married the widow of the late Stephen A. Douglas. He leaves three sons and three daughters.

Swimmer's Narrow Escape.

Dover, Eng., Aug. 26.—Mr. Holbein, who attempted to swim from Cape Gris-Nez to Dover, narrowly escaped drowning. He covered the course to a point within six miles of Dover and then collapsed, after having been in water 12 hours and 46 minutes.

Given Thirty-Nine Lashes.

Waco, Tex., Aug. 26.—Thirty-nine lashes on the bare back were administered to each of two negroes at Rosebud Sunday afternoon for riding over two young girls at that place Saturday. Neither of the children were seriously injured.

Which Will Defend the Cup.

New York, Aug. 26.—The question whether the Columbia or Constitution will defend the cup is in doubt.

TEXAS LEGISLATURE.

The House Adopts Resolution Expressing Sympathy for Strikers.

Austin, Tex., Aug. 26.—The house this morning took up the resolution of Terrell of McLennan seeking to have a committee appointed to investigate the state treasury.

It was ruled out of order.

The house voted down the Lane substitute and adopted the McFall resolution expressing sympathy with the steel strikers.

The house passed to engrossment its congressional reapportionment bill, the only important change being the placing of Hill county in the Dallas district.

The senate passed the Davidson (Galveston) bill, to build a sea wall around Galveston and other coast cities.

The governor sent a message advising the passage of a law providing for an increase in the amount of the treasurer's bonds.

MINISTER'S SON KILLED.

Shot by a Policeman at Chicago Near His Father's Home.

Chicago, Aug. 26.—David Lindskog, son of Rev. Herman Lindskog, pastor of St. Ansgarus Swedish Episcopal church for 15 years, was shot and killed by Police Officer James H. Wiley. The shooting took place within 50 feet of his father's rectory, and the minister hearing the shots rushed out of the house and aided the police to lift his dying son into the ambulance. Ten minutes after reaching the hospital young Lindskog was dead.

The policeman declared he fired while defending himself against an attack by a band of young men who had been in the habit of congregating at Oak and Sedgwick streets. Wiley was badly cut and bruised in the encounter. Seeing that he was unable to cope with the crowd, he drew his revolver and fired with the result that young Lindskog was killed.

Later three young men, said to have been companions of Lindskog in the fight, were arrested.

NEGROES BARRED.

Only Cubans Will Compose the First Cuban Artillery.

New York, Aug. 26.—That negroes are barred from enlistment in the First Cuban artillery, is stated by a Tribune correspondent at Havana. One hundred and fifty "Cubans" will be enlisted. All must be 21 years old or more, and white. Negroes will not be received as candidates for enlistment. Enlistments will be made similarly as in the United States and will be for a term of two years. One of the first questions to arise concerning the enlistment as to who are "Cubans" within the terms of the order. In the absence of General Wood, Acting Military Governor Scott explained that "in order to be eligible the candidate must be a Cuban citizen by birth or adoption." And now there seems to be some doubt as to how Cuban citizenship is fixed until the new constitution goes into effect.

SCHOONER STOLEN.

Sallie C. Marvill Taken from Her Docks and Towed Away.

New York, Aug. 26.—A three-masted schooner, Sallie C. Marvill, was stolen from the docks of the Sharpstown Marine railway at Sharpstown, Md., some time on Saturday night. A special from Laurel, Del., says that the vessel had just been completed and is valued at \$60,000. She was stealthily taken from her moorings at about midnight by an ocean tug. The work was so quietly done that even the bridge tender was not awakened. While hurriedly en route to Virginia waters with their prize the thieves ran the Marvill into the draw-bridge at Vienna, Md., and damaged the bridge to such an extent that it will be impossible to resume traffic over the road within 48 hours.

A Bomb Explodes.

New York, Aug. 26.—By the explosion of what is known as the "human bomb" three men were somewhat badly injured and a panic was created in which a number of women and children were crushed at Schuetzen park, Union Hill, N. Y., Sunday night. The "human bomb" is a device which the aeronaut employed in making ascensions at the park, and he had stored the bomb in a house preparatory to shipping it to Buffalo for use at the exposition. The bomb contained dynamite.

Indemnity to the French.

Constantinople, Aug. 26.—The amount of indemnity which the sultan agrees to pay the Quays company for interference with its rights is 700,000 francs. The sultan will also pay 600,000 francs to a Frenchman on account of seizing his lands.

Constans Leaves Constantinople.

Constantinople, Aug. 26.—M. Constans, the French ambassador, after making farewell calls on his colleagues Sunday, left here on board the Vauveur for Stamboul, where he will take the train. He takes only a vacation.

Ohio Banks Fail.

Marietta, O., Aug. 26.—The Bank of New Metamoras, Washington county, a private bank, has closed its doors. The bank had a deposit of \$50,000 with the Superior Street Savings and Banking company, Cleveland, which went to the wall. The owners say they are able to pay the loss, but the bank will hardly resume.

Mormon Missionary Expelled.

Vienna, Aug. 26.—Matthew Hackey, a Mormon missionary from Salt Lake City, has been arrested at Tienessvar, Hungary, for seeking to make converts. He will be expelled from the country.

PEACE NEGOTIATIONS.

Only Rumors That Another Effort
Will Be Made.

MORE MILLS STARTED

Six of the Painter Mill Now in Oper-
ation and Others Say Soon
Night Crews Will Be Put
on in the Mills.

Pittsburg, Aug. 25.—Developments in
the strike were meagre this morn-
ing. The probability of the renewal
of peace negotiations by disinterested
parties is again being discussed, but
nothing definite can be learned. Hen-
ry M. White, of Garment Markers of
America, and Ralph M. Easley, of Na-
tional Civic Federation, who took
part in conference in this city last
week left for the east Sunday night and
it is reported they went to New York
to make another attempt to have ne-
gotiations between the contending parties
reopened. President Shaffer, how-
ever, said he knew nothing of the pro-
posed venture, and that his associates
had authorized no new steps for
peace.

Steel officials, it is said, intend to
make aggressive attempts to start more
plants this week. They were success-
ful in putting four more mills in opera-
tion at Painters Mill, and now have
six mills, with a force of 400 men at
work. The mills last started were
number one bar mill and number seven
cotton tie mill. The management
say the work being turned out is up to
the standard and is being placed on
market. One of officials announced he
had three more crews engaged, but
they would not go to work until all
men necessary to operate six mills have
been secured, and then the plant would
run at night. He said he was almost
certain the entire works would be
running at night before the end of the
week. More men have been taken into
the Star Plant of the American Tin
Plate Company, and at the Lindsay
and McCutcheon works of the Steel
Hoop Company. These mills combine
officials say, they expect to have in
full operation before Saturday.

Strike managers assert the resump-
tion of these plants is not full and
that the claims of the steel people are
not borne out by facts. They say that
they scored a victory over manage-
ment of Star Mills by preventing sev-
en men from entering the plant, and
that plant is not running at all.
Vice President Pierce, of Amalgam-
ated Association says there are
less men working in local mills than
for over a week. President Shaffer
had heard nothing from Chicago up to
noon. Mr. Tighe, he said, did not
go there get the men to strike, but
just attend meeting.

Advices from McKeesport are to the
effect that no attempt was made to
start the Demmler works. Furnaces
were fired and the plant lighted, but
no men appeared. Ten regular po-
licemen and a large force of pickets
guarded the mill at night, but there
was no disorder. Situation at all
points is reported quiet and no dis-
turbance is expected.

BIG PLANS AHEAD.

Steel Officials Say They Will Start Other
Mills This Week.

Pittsburg, Aug. 25.—Some remark-
able changes in the condition of the
strike ridden mills of the United States
Steel Corporation are promised for the
present week that will put a different
aspect on affairs if carried out. It is
stated on good authority that before
the end of the week those of the plants
that have been operating on single
turn would run with full force and for
the usual three full turns each day.
Men enough have been secured for this
purpose, the officials say, in spite of
the claims of the strikers that the
companies could not get enough men
to operate their plants, and the man-
agers of the various mills say they will
be ready with all the skilled men re-
quired to start up the machinery and
turn out a heavy tonnage.

The most interesting situation is the
Star mill of the American Tin Plate
company here. This plant was until
this summer considered as doomed.
The company had, it is said, decided
to abandon the mill and move the ma-
chinery elsewhere. Since the strike
has come on them and it was demon-
strated that the operation of the mill
with non-union men was possible un-
der the protection of a well equipped
police force, the officials decided to
keep this mill, make extensive im-
provements in its equipment, and make
it a permanent fixture of the company.

The most significant feature of this
plan has been carried out during the
past week. This consists of fitting
the mill in the same manner as that
of the Monessen, Pa., plant. The for-
mer eight mills have been changed to
four double mills. Other improve-
ments have been added that will give
the plant a larger capacity, increase
its force and make it one of the most
modern of all the tin plants of the
country.

With the completion of these im-
provements the company will be pre-
pared to place a sufficient number of
men in the plant to work the four
double mills three full turns. This
is expected to take place during the
present week.

The strikers claim that the skilled
men at the Star plant were sent there
from Monessen, which was being
crippled in order to accomplish this
work.

KNIGHTS TEMPLARS.

Thousands Are at Louisville to Attend
the Convention.

Louisville, Aug. 25.—The rush of
visitors to the triennial conclave
Knights Templars in this city is on in
earnest and the Kentucky metropolis
is completely in the hands of the in-
vaders. Trains poured into the city
all day, having on board Sir Knights
and ladies. The streets were filled with
marching detachments and the air
fairly trembled with the music of
numberless bands which escorted vari-
ous commanderies to their headquar-
ters.

Scarcely a building was without
streamers, or gorgeous dress bunting.
Even shop windows trimmed in Ma-
sonic emblems and street fakirs, not
to be outdone, painted Maltese crosses
on toy balloons they hawked about.

At local headquarters the opinion
was expressed that the conclave will
prove the most notable ever held. It
is claimed fully 50,000 visitors are in
the city.

The festivities of the conclave began
at 8 o'clock tonight, when the Grand
Commandery of Kentucky and subor-
dinate commanderies of the state gave
a reception to officers and members of
the Grand Encampment at the custom
house.

Pouring Into Louisville.

Louisville, Aug. 26.—Commanderies
of Knights Templars are pouring into
Louisville from the four corners of the
country. The city is rapidly filling
with plumed guests. Imposing religious
exercises were held Sunday at the
Broadway Methodist church.

BRITISH CAPTURED.

Taken by Boers Near Ladybrand and
Afterwards Released.

London, Aug. 26.—Dispatches from
Kitchener says:

"Three officers and 65 men sent north
of Ladybrand, on the right of Elliott's
column, were surrounded on unfavor-
able ground and captured by a superior
force on Aug. 22. One man was killed
and four wounded. The prisoners were
released. Am holding an inquiry.

"Have received a long letter from
Steyn containing an argumentative state-
ment of the Boer case and saying he
will continue to fight; also a short let-
ter from DeWet to the same effect. Both
writers acknowledge the receipt
of my proclamation and protesting
against it, and both stating the Boers
intend to go on fighting. On the other
hand, surrenders lately have increased
considerably."

BRAVE, BOLD CAPTURE.

American Deserter Howard Taken from
His Own Camp.

Manila, Aug. 26.—A dispatch from
Mindora tells how Lieutenant Hazzard
of the Third cavalry, commanding the
troop of Maccabee scouts, captured the
American deserter Howard, who, as
leader of the Filipinos, has been annoy-
ing the Americans for many months.
Ferguson, one of Lieutenant Hazzard's
civilian scouts, disguised as an insur-
gent, with eight Macabees, penetrated
into the camp of Colonel Atienza, com-
manding 250 riflemen and 200 bolomen,
at night, located Howard, bound and
gagged him and led him away without
disturbing the camp.

NEW JERSEY RACE RIOT.

Whites Threaten to Lynch Blacks and
Drive Them from Camden.

New York, Aug. 26.—South Camden,
N. J., was the scene of trouble between
negroes and whites Sunday night. The
affair might almost be termed a riot. A
negro was arrested by the police, and
reports exaggerating the offense being
spread, the white people became excit-
ed. A mob formed and the houses of a
number of negroes were entered, doors
being broken in amid great confusion
and much noise. Threats were made
that all negroes should be driven from
the place. The police were called out
and the rioting dispersed. A number of
people on both sides were injured but
no fatalities are reported.

BURGLARIES AT CALVERT.

Believed the Burglars are Transients Who Traveled Along the Central.

Calvert, Texas, August 25.—Judge A. McCall of Hammond was a recent visitor to Calvert. In commenting on the burglaries which occurred in Calvert Thursday night Judge McCall stated that he believed burglars to be traveling down the Houston & Texas Central railroad. He stated in substantiation of this belief that on the night previous to their depredations in Calvert burglars had visited Bremond and that, attempting to break into a house in that town, they were seen and shot at by a lady, who described them as two white men—one a tall man dressed in black, whose track indicated that the man wore a No. 8 shoe. The other was a much smaller man, wearing a No. 5 shoe. Two suspicious looking strangers of these descriptions were seen lying around the depot at Calvert on the day of the burglary. The fact that a safe was blown open at Bryan on the next night after the burglary here is a strong circumstance in support of Judge McCall's theory.—Houston Post.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Negro Burned at the Stake by a Tennessee Mob.

TAKEN FROM JAIL.

He Brutally Murdered a Farmer's Wife and Attempted a Boy's Life. He Confessed His Crime Before Being Burned.

Chattanooga, Aug. 26.—A special to The Times from Winchester says Henry Noles, the negro who criminally assaulted and shot to death Mrs. Charles Williams, wife of a prominent farmer near Winchester, Tenn., last Friday, was captured early Sunday morning at a water tank near Cowan, Tenn. He was carried to Winchester by his captors and placed in the county jail. Sheriff Stewart made haste to try to barricade the jail and protect the prisoner. Soon an angry mob of several hundred citizens gathered about the jail. Assistant Attorney General Matt N. Whittaker and several other officials appealed to the crowd, but in vain.

No sooner had their appeals been made than several hundred citizens from the neighborhood where the crime was committed came up and augmented the crowd to thousands. They swept forward upon the jail, overpowered the sheriff and his deputies, secured the negro and started for the scene of the crime, 12 miles distant and there he was burned at the stake.

The negro made no outcry at any time and died as stolidly as a stoic. He admitted the killing of Mrs. Williams. There were no disorderly scenes about the burning body. At least 6000 people witnessed the horrible fate of the negro.

Lying on the floor of the family room with her face splashed with clotted life blood and the oaken planks stained with the same drops, Charles Williams found his devoted young wife Friday afternoon when he returned from marketing his wheat in the little town of Maxwell. A heavy bullet had crashed through her head, life was completely extinct, and her two baby children were crying about the dead body. The oldest boy, aged 5, told that the mother had been shot and killed by Henry Noles, a negro hand upon Williams' place.

AFTER THE NEGROES.

Another Race Riot at Indianapolis Terminates Seriously.

Indianapolis, Aug. 26.—Another riot broke out Sunday evening in a crowd of 5000 people at Fairview Park. Four negroes were badly injured and one named Harris had his right arm broken. The trouble was caused by a gang of toughs from the West Side, known as the Bungaloes. Members of this gang to the number of 150 congregated at the park and made a determined effort to drive all the negroes out.

Near the boathouse a dozen of them attacked a negro with his wife. He was knocked down several times. With a club he fought back, injuring two of the gang, but he was compelled to run toward the pavilion where the Park police came to his rescue. The fight was continued to the car and after the negro and his wife were on the car stones were thrown, injuring his wife.

Harris was attacked in another part of the park about the same time and his right arm was broken before he was rescued. Two other negroes, one with his wife, were badly beaten. Four members of the gang were arrested, the others scattering in the woods.

In a similar riot several weeks ago six shots were fired and one white man was badly injured by a bullet.

General Williams Dead.

New York, Aug. 26.—General Robert Williams died Saturday night near Plainfield, N. J., from apoplexy. He was 70 years of age. General Williams was born in Virginia, and was a graduate of West Point. In 1892 he was appointed to the position of adjutant general of the army and retired a year later. He married the widow of the late Stephen A. Douglas. He leaves three sons and three daughters.

Swimmer's Narrow Escape.

Dover, Eng., Aug. 26.—Mr. Holbein, who attempted to swim from Cape Gris-Nez to Dover, narrowly escaped drowning. He covered the course to a point within six miles of Dover and then collapsed, after having been in water 13 hours and 46 minutes.

Given Thirty-Nine Lashes.

Waco, Tex., Aug. 62.—Thirty-nine lashes on the bare back were administered to each of two negroes at Rosebud Sunday afternoon for riding over two young girls at that place Saturday. Neither of the children were seriously injured.

Which Will Defend the Cup.

New York, Aug. 26.—The question whether the Columbia or Constitution will defend the cup is in doubt.

TEXAS LEGISLATURE.

The House Adopts Resolution Expressing Sympathy for Strikers.

Austin, Tex., Aug. 26.—The house this morning took up the resolution of Terrell of McLennan seeking to have a committee appointed to investigate the state treasury.

It was ruled out of order. The house voted down the Lane substitute and adopted the McFall resolution expressing sympathy with the steel strikers.

The house passed to engrossment its congressional reapportionment bill, the only important change being the placing of Hill county in the Dallas district.

The senate passed the Davidson (Galveston) bill, to build a sea wall around Galveston and other coast cities.

The governor sent a message advising the passage of a law providing for an increase in the amount of the treasurer's bonds.

MINISTER'S SON KILLED.

Shot by a Policeman at Chicago Near His Father's Home.

Chicago, Aug. 26.—David Lindskog, son of Rev. Herman Lindskog, pastor of St. Ansgarus Swedish Episcopal church for 15 years, was shot and killed by Police Officer James H. Wiley. The shooting took place within 50 feet of his father's rectory, and the minister hearing the shots rushed out of the house and aided the police to lift his dying son into the ambulance. Ten minutes after reaching the hospital young Lindskog was dead.

The policeman declared he fired while defending himself against an attack by a band of young men who had been in the habit of congregating at Oak and Sedgwick streets. Wiley was badly cut and bruised in the encounter. Seeing that he was unable to cope with the crowd, he drew his revolver and fired with the result that young Lindskog was killed.

Later three young men, said to have been companions of Lindskog in the fight, were arrested.

NEGROES BARRED.

Only Cubans Will Compose the First Cuban Artillery.

New York, Aug. 26.—That negroes are barred from enlistment in the First Cuban artillery, is stated by a Tribune correspondent at Havana. One hundred and fifty "Cubans" will be enlisted. All must be 21 years old or more, and white. Negroes will not be received as candidates for enlistment. Enlistments will be made similarly as in the United States and will be for a term of two years. One of the first questions to arise concerning the enlistment as to who are "Cubans" within the terms of the order. In the absence of General Wood, Acting Military Governor Scott explained that "in order to be eligible the candidate must be a Cuban citizen by birth or adoption." And now there seems to be some doubt as to how Cuban citizenship is fixed until the new constitution goes into effect.

SCHOONER STOLEN.

Sallie C. Marvil Taken from Her Docks and Towed Away.

New York, Aug. 26.—A three-masted schooner, Sallie C. Marvil, was stolen from the docks of the Sharpstown Marine railway at Sharpstown, Md., some time on Saturday night. A special from Laurel, Del., says that the vessel had just been completed and is valued at \$60,000. She was stealthily taken from her moorings at about midnight by an ocean tug. The work was so quietly done that even the bridge tender was not awakened. While hurriedly en route to Virginia waters with their prize the thieves ran the Marvil into the draw-bridge at Vienna, Md., and damaged the bridge to such an extent that it will be impossible to resume traffic over the road within 48 hours.

A Bomb Explodes.

New York, Aug. 26.—By the explosion of what is known as the "human bomb" three men were somewhat badly injured and a panic was created in which a number of women and children were crushed at Schuetzen park, Union Hill, N. Y., Sunday night. The "human bomb" is a device which the aeronaut employed in making ascensions at the park, and he had stored the bomb in a house preparatory to shipping it to Buffalo for use at the exposition. The bomb contained dynamite.

Indemnity to the French.

Constantinople, Aug. 26.—The amount of indemnity which the sultan agrees to pay the Quays company for interference with its rights is 700,000 francs. The sultan will also pay 600,000 francs to a Frenchman on account of seizing his lands.

Constans Leaves Constantinople.

Constantinople, Aug. 26.—M. Constans, the French ambassador, after making farewell calls on his colleagues Sunday, left here on board the Vauveur for Stamboul, where he will take the train. He takes only a vacation.

Ohio Banks Fail.

Marietta, O., Aug. 26.—The Bank of New Metamoras, Washington county, a private bank, has closed its doors. The bank had a deposit of \$50,000 with the Superior Street Savings and Banking company, Cleveland, which went to the wall. The owners say they are able to pay the loss, but the bank will hardly resume.

Mormon Missionary Expelled.

Vienna, Aug. 26.—Matthew Hackey, a Mormon missionary from Salt Lake City, has been arrested at Tienessvar, Hungary, for seeking to make converts. He will be expelled from the country.
